	Elective			Elective	
	Elective			Elective	
	Elective			Elective	
	Elective			Elective	
	Elective			Elective	

The highlighted pairings of units in the table above indicate which units are being replaced in 2015. Students who commenced this program in 2014 or earlier will need to enrol into the replacement units to complete their award. If you have completed any of the highlighted units in the left column, you will not need to complete the corresponding unit in the right column.

**Please note:** Although the units in the right column are taking the place of the units in the left, they may not be considered academically equivalent. On the OUA website, please visit the **Before you start** tab of the relevant unit for more information regarding equivalent units and other prerequisites.

**Recommended Elective Units (students can complete or receive credit for other units with approval)** ECO 12 - Macroeconomics

MAN 15 - Issues in Small Business Management

ACG 38 - Sustainability Accounting and Reporting (available from 2016)

ACG 25 - Cost Management Systems

ACG 26 - Government and Not for Profit Accounting

EHS 200 - Foundations in Human Resource Management

PHI 230 - Business and Professional Ethics

Graduates of the OUA Bachelor of Accounting will satisfy the educational requirements for entry to the professional program of CPA Australia (the CPA Program) and Chartered Accountants Australia and New Zealand's professional program (the Chartered Accountants Program).
