

Master of Architecture

Transition Tables

effective from 1 January 2023 - Curtin OUA

Table 1: Architecture Studio Subjects - two single subjects, each replaced by a single double subject

Existing students who have not yet completed BOTH of the old subjects are recommended to enrol into the replacement double subject.

Old Subject Cd	Old Subject Title	Credits	New Subject Cd	New Subject Title	Credits
CUR- MAA407	Urban Design Research Studio	25	CUR- MAA520	Urban Design Studio	50
CUR- MAA408	Urban Design Research Methods	25			
CUR- MAA409	Complex Buildings Research Studio	25	CUR- MAA530	Complex Buildings Studio	50
CUR- MAA411	Complex Buildings Research Methods	25			
CUR- MAA506	Integrated Buildings Research Studio	25	CUR- MAA600	Praxis Studio	50
CUR- MAA507	Integrated Buildings Research Methods	25			

Please note: Single subjects are worth 25 credits and double subjects are worth 50 credits. 100 credits is equivalent to 1 year of study at a full-time load.

Table 2: Other Subjects which are no longer included in the structure and their recommended replacements

Existing students who have not yet completed the old subject are recommended to enrol into the replacement subject.

Old Subject Cd	Old Subject Title	New Subject Cd	New Subject Title
CUR- MAA501	Architectural Professional Practice 1	CUR- MAA630	Architectural Professional Project Delivery
CUR- MAA504	Architectural Professional Practice 2	CUR- MAA650	Architectural Practice Management

Table 3: Architecture Research Subject Groups - complete *EITHER* old subject group *OR* new subject group

It is a requirement of the degree that students complete research subjects equivalent to half a year of full-time study load (or 4 single subjects or 100 credits).

Although the old subjects will be removed from the degree structure from 2023, they continue to be available to enable existing students to complete their degree.

Old Subject Cd	Old Subject Title	Credits	New Subject Cd	New Subject Title	Credits
Old Research Subject Group			New Research Subject Group		
CUR- MAA502	Architectural Thesis Preparation	25	CUR- DBE600	Design and Built Environment Research Methods	25
CUR- MAA505*	Architectural Thesis Project*	75	CUR- MAA640	Architectural Thesis Project 1	25
			CUR- MAA610	Architectural Thesis Project 2	50
